Quote of the Day... not actually daily, but whenever I encounter one I think worth sharing and there are not too many in sequence. I like quotes as they frequently distill a piece of wisdom into a brief passage, or make other points very succinctly – such as the witticisms of [Oscar Wilde](#).

“We must believe in free will, we have no choice.” ~~ [Isaac Bashevis Singer](#)

Whether or not we actually have free will, whether or not we are actually agents acting freely, is a topic that philosophy and religion have been debating (hotly?) for millennia. Modern science seems to come down on the side of *no way Jose*. But for the sake of my own sanity I am going with Singer.
