yeah I know you did not ask!

You should so be blessed – well cursed at times actually – with a mind such as mine, making all these weird connections between my rumored neurons. Just be thankful that I do not share all of my random thoughts.

There are folks whose mission in life is to travel, experiencing as many different roller-coasters in the various amusement parks across the nation and for that matter, around the world, as they can. I found several names for them, but [coaster geeks](#) was my favorite.

I bring this up as the other day I was texting back and forth with a friend. In a wise-ass response to one of her texts I remarked, “Marriage: The Ultimate Roller-Coaster.”

These enthusiasts could save a lot of travel expense and time with a couple gold rings and a bag or two of rice.
