Heather has been married to my wife's cousin for over 40 years. I met Paul and Heather at a Booth family reunion a few years back. I will have to admit I was a little overwhelmed with all the new people I was meeting for the first time. I do remember how proud my wife was of her two cousins.

The film is only an hour long, but details the incredible life of activism of this driven woman. Perhaps someday we will have a society that respects and supports all of us. Until then we need people like Heather Booth to fight the Dark Side.
